Mrs. Effie Manley
Newark Eagles B.B. Club
101 Montgomery St.
New York, N.J.

Dear Mrs. Manley;

I have tried for the past week to contact to by letter and telephone but, to no avail. I presume you were kept busy elsewhere.

As you know we are going ahead on the assumption that satisfactory arrangement will be made, when we meet, to play a benefit game for the Urban League at Yankee Stadium. Of course we realize, as you say, there are a number of angles that can not be settled by letter or telephone we are sure, however everything can be arranged to your satisfaction when we meet.

Since we could not contact you to get your consent we had to go ahead and accept Mr. Edward Barrow's invitation to arrange for an appointment to discuss terms for the Stadium, we asked that he make the appointment the latter part of this week, have not heard from him and therefore cannot say exactly when the date will be.

Realizing you are quite busy it would help us greatly in making preliminary arrangement if we could have some word from you on the following items.

- I Will you set in on the conference with Mr. Barrow (we are asking free use of the Stadium).
- II When can we (Mr. Hubert and me) see you to work out arrangements for the game.
- III What do you consider the best (Sunday) date to play.
- IV Have you any suggestions for any other added attraction(we can get most anything or anybody if we have time.)

I am going to see Mr. Hubert to-day and discuss this letter will you let me hear from you as soon as possible its very important to us.

Sincerely,
